Dimensions: 1800mm x 100mm x 40mm

Remote control coverage up to 100mm
Alert buzzer each time a button is pressed
Straps to the referee's wrist to allow
on court scoring and timing

AUTOMATIC CENTRAL TIMING

Court supervisors have a problem in starting all games, on all courts simultaneously. By the end of the day's activities, small delays compound, resulting in final games running extremely late.

Questek central timing systems solve this problem by synchronising all scoreboard game clocks. The system automatically times halves, quarters, half time and end of game breaks. This leaves your court supervisors free to attend to all more important matters.

BENEFITS TO YOUR SCOREKEEPERS....

SCORING IS EASIER... Scorekeepers need only to attend to the scoring function. The timing takes care of itself. Learning time is kept to a minimum.

BENEFITS TO YOUR MANAGEMENT....

GAMES START AND FINISH AT THE DESIGNATED TIME....

Players do not congregate unnecessarily while waiting to start late games, as sessions do not run over time.

QUIETER GAMES....

No multiple sirens from adjacent courts. No player confusion from sirens on adjacent courts.

SMALLER WORKLOAD FOR STADIUM STAFF....

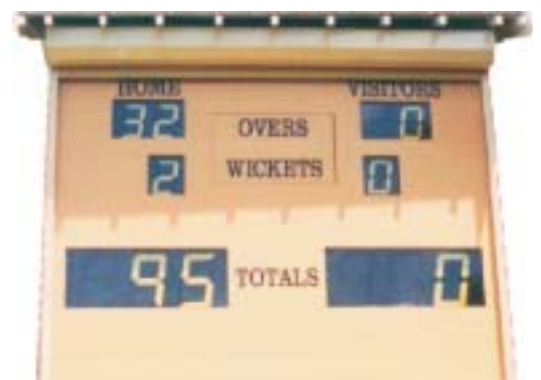

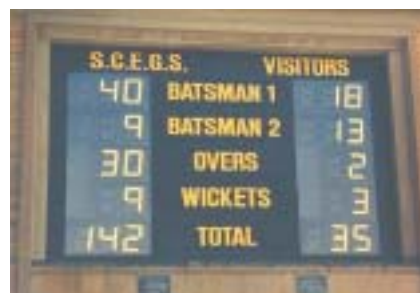

Your supervisors do not have to attend to starting and stopping games. This leaves your supervisor free to look after more important matters.

HAPPIER AND MORE DISCIPLINED PLAYERS....

Players know that they must be on the court and playing by their designated time. Players also know the exact starting and finishing times for their game.

OUTDOOR SCOREBOARDS

Questek Australia engineers and manufactures outdoor scoreboards to suit all sporting codes. All our outdoor scoreboards are designed to meet the customers exact requirements and are quoted on an individual basis. We cater for all sporting organizations, from local cricket clubs and schools to international sporting stadiums.

Questek Scoreboard sites include:
Sydney Grammar School
Saint Ignatius College
State Sports Centre
KNOX Grammar School
Campbelltown Football Stadium
North Queensland Cowboys
Waverley Oval
And many more....
